# Frog subtraction

Subtract two 2-digit numbers

$$29 - 16 = 13$$

10 ← 16 → 6

$38 - 15 = \square$

$47 - 23 = \square$

$66 - 45 = \square$

$89 - 52 = \square$

$34 - 18 = \square$

$52 - 27 = \square$

$71 - 45 = \square$

$93 - 56 = \square$

## Teacher's notes

Children use the space underneath each question to draw a number line to help them work out the answer.
