

Name: _____ Date: _____

More or less than 1 metre?

Understand what a metre is

You will need:

- metre rule
- coloured pencils

Shorter than 1 metre	Longer/taller than 1 metre

Teacher's notes

- Children use a metre rule and compare the height or length of different items around the classroom to see whether they are shorter/longer/taller than a metre. They include at least three objects for each column. Finally, they draw pictures of each item.
