# Picnic problems

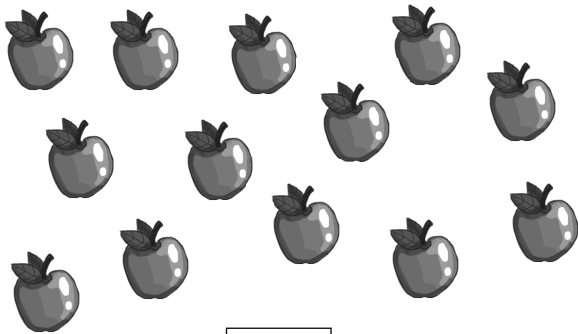

Solve addition and subtraction missing number problems

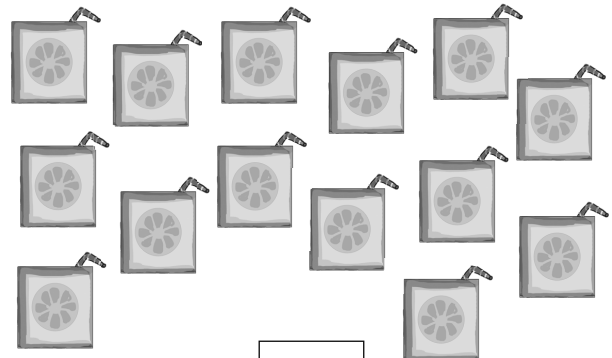

$$8 + \square = 12$$

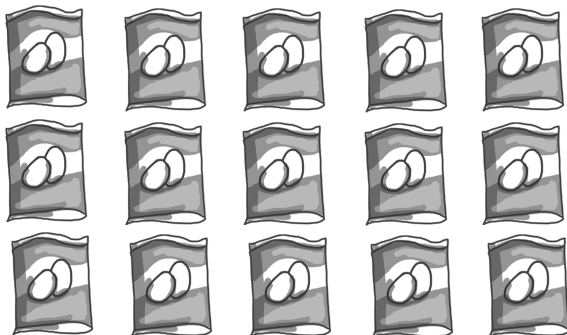

$$13 - \square = 8$$

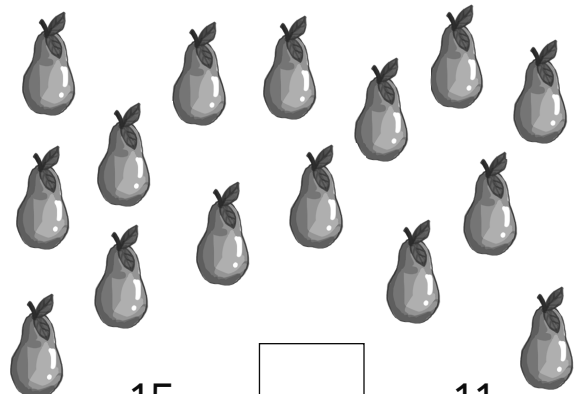

$$9 + \square = 13$$

$$14 - \square = 9$$

$$10 + \square = 15$$

$$15 - \square = 11$$

## Teacher's notes

Children use the number track and picnic items to find the missing number in each addition or subtraction calculation.
