

CRAZY CLIMATE

What does the Bible say?

Psalm 104:24

O Lord, what a variety of things you have made!

In wisdom you have made them all.

The earth is full of your creatures.

What does the Bible say?

Psalm 139:14

I praise you, for I am fearfully and wonderfully made. Wonderful are your works; my soul knows it very well.

BUT

The weather's gone crazy!

Global warming means that our planet is heating up. Hotter temperatures mean some places don't get enough rain – but some get too much. All over the world, climate change is causing people more and more problems.
