

Snake subtraction

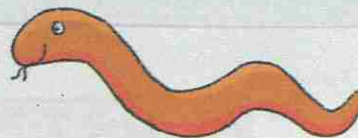

Subtract a 'near multiple of 10' from a 2-digit number

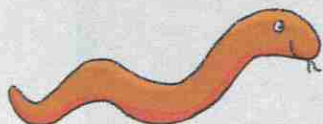

46 - 21 =

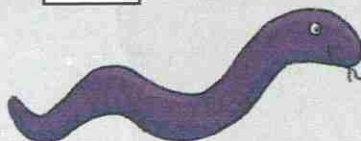

54 - 39 =

37 - 11 =

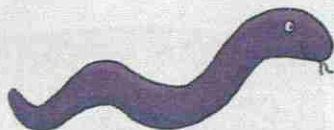

52 - 29 =

58 - 41 =

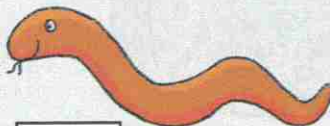

65 - 49 =

77 - 31 =

83 - 59 =

64 - 51 =

96 - 79 =

85 - 71 =

93 - 69 =

78 - 61 =

94 - 89 =

95 - 81 =

Teacher's notes

Children work out the subtraction calculations using their knowledge of subtracting multiples of ten, and adding or subtracting one to find the answer. A 1-100 number square may be used for support, if needed.
