

Pirate treasure patterns

Find patterns in addition and subtraction facts

Date: _____

$$9 + \square = 9$$

$$8 + \square = 9$$

$$6 + \square = 9$$

$$\square + 4 = 9$$

$$4 + \square = 9$$

$$9 - \square = 9$$

$$9 - \square = 8$$

$$\square - 2 = 7$$

$$9 - 3 = \square$$

$$9 - \square = 5$$

$$\square = 5 - 9$$

$$10 + \square = 10$$

$$9 + 1 = \square$$

$$8 + \square = 10$$

$$\square + 3 = 10$$

$$6 + \square = 10$$

$$5 + \square = 10$$

$$10 - \square = 10$$

$$10 - \square = 9$$

$$\square - 2 = 8$$

$$10 - \square = 7$$

$$10 - \square = 6$$

$$\square = 5 - 10$$

Teacher's notes

Children work out the missing number in each calculation, using the pattern of addition or subtraction to help.
