

PE and sport premium

The [PE and sport premium](#) is funding allocated to primary schools that must be used to:

- make **additional and sustainable improvements** to the existing PE, sport and physical activity offer available in the school
- **build capacity and capability** in the school and make sure that improvements made to the quality of PE, sport and physical activity provision now are sustainable and will benefit pupils joining the school in future

Governors and trustees are responsible for monitoring PE and sport premium spending. This means:

- ensuring appropriate use of the funding (in line with [conditions of grant](#) and any other relevant financial rules and procedures)
- ensuring that spending represents good value for money
- evaluating the impact of spending on pupil outcomes

Reporting requirements

All schools who receive PE and sport premium funding must publish a report on their website detailing how the funding has been spent. The report must be published by 31 July each year.

This must include:

- the amount of premium funding received
- a full breakdown of how it has been spent
- the impact seen by the school on pupils' participation and attainment in PE and sport
- how this improvement will be sustained
- swimming and water safety attainment

While school leaders are responsible for drafting the report, we recommend that governing boards review it ahead of publication and ensure it is published on time.

From July 2025, all schools who receive the funding must also complete a [digital reporting form](#) (the DfE will make the form and accompanying guidance available by June 2025). **A copy of the digital form can also be downloaded and published to fulfil the above reporting requirement.**

A new PE Funding Evaluation form is available from [Youth Sport Trust](#) and [The Association for Physical Education](#) websites. The form was produced in collaboration with the DfE and is recommended to help schools prepare to complete the digital reporting form.

Is the school offering a wide range of sports and physical activities to pupils? What is the school doing to encourage all pupils to take part in competitive sport? Is the profile of PE and sport promoted within the school (for example, are achievements recognised, such as in assemblies)? <p>This list is not exhaustive – there are many ways in which schools can make use of PE and sport premium.
