Spaceship multiples

Count in 2s, 5s and 10s and recognise multiples of 2, 5 and 10

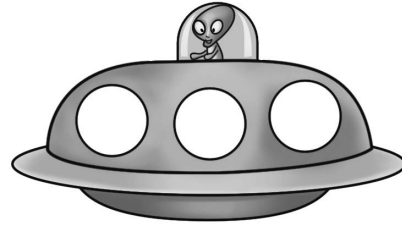

- (2) (120) (30) (41) (50) (8) (35) (18) (80) (4) (63)

(22)

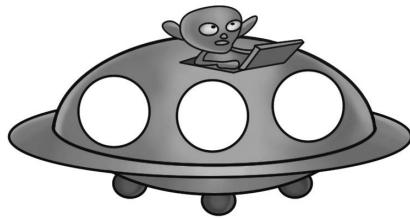

(90)

(16)

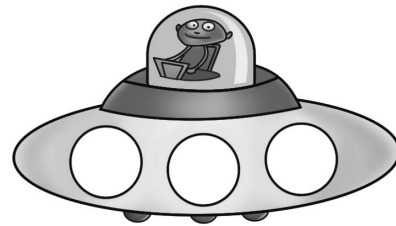

(25)

(97)

(6)

(10)

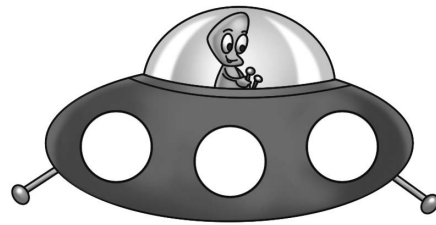

(39)

(12)

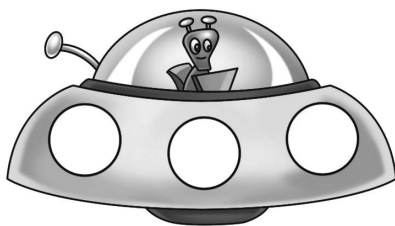

(5)

(20)

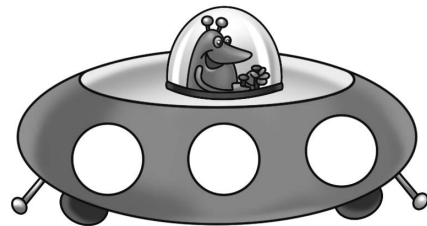

(20)

(55)

(14)

(15)

(110)

(45)

(40)

(27)

(24)

- (70) (60) (60) (50) (30) (10) (40) (20) (100) (10)

Teacher's notes

Tell children that each spaceship needs a multiple of 2, 5 and 10 written on it. Children cross off the numbers as they use them. On the back of this sheet, children write down the multiples of 2 in order, counting on from 0 to 24. Then they can do the same for multiples of 5 to 60, and multiples of 10 to 120.
