

Name: _____ Date: _____

Written subtraction

Subtract two 2-digit numbers using the written method

Example

$$\begin{array}{r} 37 \\ - 13 \\ \hline 24 \end{array}$$

48 – 25	54 – 43
65 – 32	76 – 24
88 – 67	97 – 53

What to do

- Ask your child to subtract the second number from the first by subtracting the ones and then subtracting the tens.

Work with your child to choose one number from Set A and one number from Set B. On the back of this sheet write a subtraction calculation (Set A number – Set B number) and work out the answer using the written method shown at the top of the page. Repeat for other pairs of numbers.

Set A	Set B
79 68	35 24
56 97	12 43
