

Name: _____ Date: _____

Eggs

Complete a pictogram and answer questions about it

You will need:

- coloured pencil

	Number of eggs collected					
	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6
Monday	2	3	2	3	2	2
Tuesday	3	3	4	3	3	3
Wednesday	3	4	4	3	3	3
Thursday	3	3	4	2	5	3
Friday	2	5	3	3	2	4
Saturday	1	1	2	1	2	1
Sunday	2	2	1	2	1	2

Week 1										
Week 2										
Week 3										
Week 4										
Week 5										
Week 6										

Key

-  = 2
-  = 1

In which week or weeks did the chickens lay the most eggs?

In which week or weeks did the chickens lay the fewest eggs?

In which 2 weeks did the chickens lay the same number of eggs?

What to do

- Help your child complete the pictogram by referring to the table at the top of the sheet and working out the number of eggs collected each week and drawing an egg, or half an egg in each space. Each egg represents 2 eggs laid, with half an egg representing one egg laid. Once the pictogram is complete, work with your child to answer the questions.

You and your child take turns to ask each other questions about the information contained in the table and pictogram.
