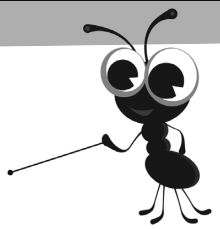
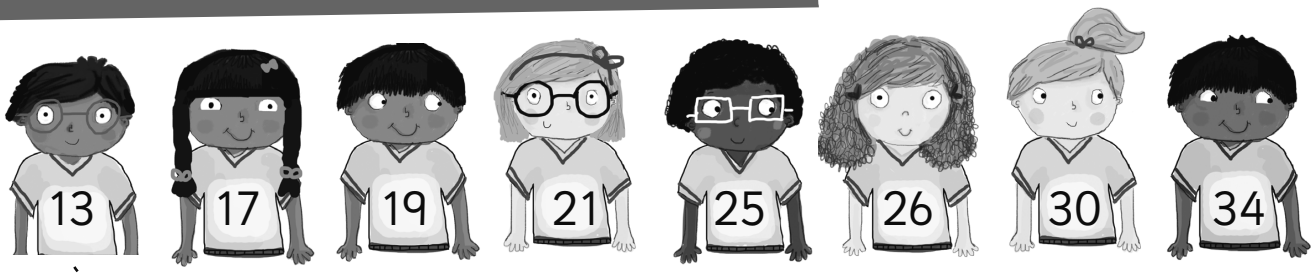
Name: _____ Date: _____

10 more or less town

Add and subtract 10 to or from a number





Teacher's notes

Children look at the number on each child's t-shirt, and match each one to the house that shows ten more or ten less than their number. Children then find 10 more and 10 less than each of these numbers: 10, 15, 23, 29, 37 and 41, writing the answers on the back of this sheet.
