

Name: _____ Date: _____

Train times

Solve problems relating to time

Train A

Train B

Train A arrived
at the station

than Train B.

Train A

Train B

Train A arrived
at the station

than Train B.

Train A

Train B

Train A arrived
at the station

than Train B.

Teacher's notes

For each pair of clocks children read the arrival time for Train A and Train B, and write the time underneath. They then read each sentence writing down how much earlier or later Train A arrived at the station compared to Train B.
