

Name: _____ Date: _____

Muffin trail

- Tell and write the time to five minutes
- Compare and sequence intervals of time

<p>START</p> 	<p>It takes 10 minutes to make the cake mixture. What time will I finish mixing the cakes?</p>	
		<p>I forgot to turn on the oven! It takes 15 minutes for it to heat up. What time can the cakes go in the oven?</p>
	<p>The muffins take 40 minutes to cook. What time will they come out of the oven?</p>	
<p>The muffins take 30 minutes to cool down enough for me to decorate the tops. What time can I start decorating them?</p>		
	<p>It takes 20 minutes to decorate all the muffins and wash up. Only then can I try my muffins! What time can I eat a muffin?</p>	<p>FINISH</p> 

What to do

- Help your child read the trail and work out the times. Then ask your child to draw the hands on the clocks to show the times.

Look through recipes with your child, either in cookbooks or online, that show both the preparation time as well as the cooking time. Work together to find the combined time. Then discuss with your child the time you would need to start preparing to cook in order to have the food ready by a certain time, such as supper time.
