

I'm in a spin today. Please help me to turn the minute hands on these clock faces clockwise and anticlockwise.

1. I'm going to turn the minute hand on this clock a quarter turn anticlockwise.

Draw a line to show where the minute hand will point to when Tommy has turned it.

The time is now .....

.....

2. I'm going to turn the minute hand on this clock a half turn clockwise.

Draw a line to show where the minute hand will point to when Tommy has turned it.

The time is now .....

.....

3. I'm going to turn the minute hand on this clock a quarter turn clockwise.

Draw a line to show where the minute hand will point to when Tommy has turned it.

The time is now .....

.....
