

1 Label each acute angle 'a' and each obtuse angle 'o'.

You will need:
 · right-angle tester
 · ruler

1
6 marks

2 Label the marked angle in each shape as 'a' for an acute angle or 'o' for an obtuse angle.

2
6 marks

3 Order each set of the angles, smallest to largest.

3
2 marks

4 Mark each shape with an 'R' if it is a regular shape or an 'I' if it is an irregular shape.
